Prairie Seeds Academy POLICY WELLNESS

PURPOSE

The purpose of this policy is to promote the health and wellness of students, families, and staff of Prairie Seeds Academy with a focus on healthy eating habits and increased physical activity. Health and academic success are closely linked. Healthy students and staff can better achieve our primary mission of education. Prairie Seeds Academy embraces the principles of the Coordinated School Health Model from the Centers for Disease Control and Prevention (CDC), which form the structure of this policy.

1. COORDINATED APPROACH

A. Implementation

The Administration will ensure implementation of the wellness policy..

B. Site Wellness Team

Administrator/Principal will establish a Site Wellness Team, consisting of staff, parents/guardians, students, and members of the community that meet and are recognized as a standing committee. Site Wellness Team will:

1. Develop an annual action plan that supports the implementation of this policy,
2. Evaluate the implementation of the plan, and
3. Incorporate Wellness Policy implementation within site or department plans.

The Wellness Team will support monitoring and evaluation of the policy, with representation from staff working in the areas of nutrition services, student health and wellness, human resources, health education and physical education, and other areas as appropriate; parents/guardians; and community members. Representation from Wellness Teams is encouraged. The Wellness Team will provide data/information regarding implementation of policy to the Administration and School Board annually.

2. HEALTHY SCHOOL ENVIRONMENTS

- A. Staff will not use exercise or physical activity, or any restrictions on them, as a consequence for negative student behaviors or academic status.
- B. Staff will use non-food items as rewards for academic performance or good behavior for individuals or classrooms.

- C. All students will have access to breakfast and lunch at school every day. During mealtimes, Prairie Seeds Academy will discourage other activities, unless students may eat during such activities.
- D. Celebrations: Classroom teachers will allow no more than one celebration per month that involves food or beverages.
- E. Sites are encouraged to develop physical activity opportunities before, during, and after school.
- F. Students at the elementary level will participate in frequent, active movement/recess.
- G. Schools will offer safe and developmentally appropriate fitness equipment and activity areas for students.
- H. Marketing or advertising activities will not conflict with messages supporting healthy eating and physical activity. As such, sites will limit food and beverage marketing to the promotion of foods and beverages that meet U.S. Department of Agriculture (USDA) nutrition standards.
- I. For the safety and health of students with disabilities and health conditions, including food allergies, the Prairie Seeds Academy will make reasonable accommodations in the school environment, according to a student's individual plan.

3. QUALITY OF FOOD AND BEVERAGES SERVED AND SOLD

- A. For the purposes of this section, the school day is defined as the period from ½ hour before school starts until after the school bell rings at the end of the school day.
- B. Foods and beverages sold at school during the school day will meet the standards defined by the Wellness Team, which will meet or exceed the USDA standards.
- C. The District will make reasonable accommodations for the special dietary needs of students in the school meal programs.
- D. Drinking water will be available at no charge and accessible in all cafeterias during lunch service, as required by USDA.
- E. Other Food Offered During the School Day
 - 1. Schools will assess if and when to allow snacks based on timing of school meals, children's nutritional needs, children's ages, and other considerations.
 - 2. Non-USDA snacks served during the school day or in after-school care or enrichment programs will make a positive contribution to children's diets and health.
- F. Food Sold Outside the School Day
 - 1. All food and beverages sold through student-accessible vending machines and school stores will meet the Wellness Team guidelines.
 - 2. Prairie Seeds Academy will pursue healthy food and beverage options for concessions sold at extracurricular events, with implementation determined by the Administration.

4. PHYSICAL ACTIVITY AND EDUCATION

- A. Students will have access to physical education class and/or fitness-oriented activities regardless of behavioral or academic status.

B. Prairie Seeds Academy will provide physical education classes that meet the National Standards of the National Association for Sports and Physical Education (NASPE) and benchmarks.

C. Prairie Seeds will hire physical education teachers only if they are certified and licensed instructors, whenever possible.

D. Schools will engage students in a variety of physical activities throughout all disciplines.

5. HEALTH EDUCATION AND PROMOTION

A. Students will have access to health education class regardless of behavioral or academic status.

B. Prairie Seeds Academy will provide health education classes that meet the National Standards of the American Association for Health Education (AAHE) and benchmarks.

C. Schools will engage students in variety of health promotion activities across disciplines.

6. CONNECTIONS AND REFERRALS

Prairie Seeds Academy will partner with community agencies to assist students and their families to access available health, mental health, and social services to address healthy eating, physical activity, and related chronic disease prevention.

7. FAMILY AND COMMUNITY HEALTH

A. Prairie Seeds Academy will partner with parents/guardians and community members to support parents/guardians' efforts to provide a healthy diet and daily physical activity for their children.

B. Prairie Seeds Academy encourages parents/guardians who pack lunches and snacks to refrain from including foods and beverages without nutritional value.

C. School staff will communicate with parents/guardians to convey to students the potential health risks of sharing food or beverages, including to individuals with life-threatening allergies.

D. Prairie Seeds Academy recognizes that some students have chronic health conditions that are impacted by food and physical activity, particularly life threatening food allergies, asthma and diabetes. The district works with students, their families and health care providers to put plans in place to safely manage their condition.

E. Prairie Seeds will continue to invite input from families and community members in development of menus, activities, and physical education programs, considering cultural restrictions and preferences.

8. EMPLOYEE WELLNESS

Prairie Seeds Academy will offer or partner to offer staff wellness programs, which may include workshops and presentations on health promotion, education and resources that will enhance morale, encourage healthy lifestyles, prevent injury, reduce chronic diseases, and foster exceptional role modeling.

9. PROFESSIONAL DEVELOPMENT AND CAPACITY BUILDING

PSA will provide school district personnel with access to professional development to promote good health and steps to change or improve health.

10. EXEMPTIONS

Exemptions from this policy may be granted by the Board of Education upon recommendation of the Administration based upon the best interests of the Prairie Seeds Academy.
